INSPECTING PPE

MANUAL

Ref. 2949 - 2950 - 3144 - 3145 - 3270

GENERAL

"Inspecting P.P.E." is a publication that meets the relevant demands of users and controllers of Personal Protective Equipment against falls from a height, work positioning, rope access, technical rescue and mountaineering.
This manual is structured in 16 chapters with a comprehensive general introduction and practical instructions for the inspection of all PPE product categories.
Includes a wide range of photographic documentation.
Fulfills the need to have precise instructions for performing a detailed supervision of the products with the aim of ensuring their safety and functionality.
240 pages. Five versions: English, Italian, French, German and Russian.

2949 Italian version
2950 English version
3144 French version
3145 Russian version
3270 German version
